Bachelor's in Architecture and Urban Planning, Nasser

1995-2000 University, Faculty of Engineering, Al Khoms, Libya

2004-2007 M.Sc. Urban Studies, Bauhaus University-Weimar, Germany

Ph.D. Phil in Architectural Philosophy, Bauhaus University-

2007-2011 Weimar, Germany

CANDIDATE IN BRIEF

Abdolmonam AL-Fageeh is Libyan academic, researcher, and practitioner in architecture, urban design, and urban planning, specializing in urban regeneration policies. He is a faculty member at the Libyan Academy for Post Graduate Studies and collaborates with other Libyan universities. His extensive professional experience includes planning and designing significant projects in Libya, like the new Downtown Project in Tripoli, and international work in Germany and France. AL-Fageeh has held leadership roles, including Dean of the Technical College of Structural Engineering, Mesallata (2012-2015), and has been instrumental in curriculum development for higher education. Beyond his academic and professional achievements, he actively contributes to community and charity services, co-founding the Mesallata Association for Development and supporting young architects through various NGOs.
